

**CHEMICAL, BIOLOGICAL, RADIOLOGICAL, NUCLEAR  
WARRANT OFFICER BASIC COURSE  
(740A)**

**Welcome  
Package**  
--JANUARY 2014

## **Welcome to Fort Leonard Wood**

On behalf of Colonel Jon Drushal and the 3<sup>rd</sup> Chemical Brigade Ft. Leonard Wood, MO, I would like to congratulate you on your selection to attend the CBRN Warrant Officer Basic Course and welcome you to FLW for your MOS training. I have attached a few things that may assist you during your stay here at FLW.

- Reporting to FLW and Lodging
- Day 1 In-processing
- Course Description Academics and Policies
- Map of FLW main side area.
  - Bldg 1704: 84<sup>th</sup> Cm BN
  - Bldg 890: Nord Hall (A Co, 84<sup>th</sup> Cm BN)
  - Bldg 708: Course location for the course during wk hrs
  - Bldg 470: Soldier Service Center (Billeting)
  - MANSCEN
- On Base Dining
- Off Limits Establishments
- Cell Phone Usage Policy
- FLW Uniform Policy

If you have any questions you can contact the following personnel.  
Again, welcome to FLW.

(OTD Chief)	(573) 593-7392
(CBRN School Director)	(573) 596-0734
(Course Manager)	(573) 596-2411
(Instructor/Faculty Advisor)	(337) 718-2161
(OTD/WOBC Resource Manager)	(573) 563-7391

**CBRN WARRANT OFFICER BASIC COURSE  
SCHOOL ACADEMIC STANDARDS, POLICIES AND COURSE DESCRIPTION**

The CBRN Warrant Officer Basic Course is an Inter-Service Training Organization Course providing instruction to both Marine and Army Warrant Officers. Marine Warrant Officers attend ten weeks of training at the Marine Corps CBRN School, while Army Warrant Officers attend one week of training at the Army CBRN School and nine weeks at the Marine Corps CBRN School. This training provides an excellent opportunity for Warrant Officers of both services to receive training in their basic Military Occupational Specialty, while learning from and building camaraderie with their peers.

**1. REPORTING TO FLW.** All students will report to Post Billeting at Bldg 470 Soldier Services Center (573-596-0131 ext 6-0999). Students are not authorized off post billeting unless directed to do so by Post Billeting and have received a Statement of Non-Availability. If this occurs students will contact A Co, 84<sup>th</sup> CM BN prior to obtaining off-post lodging (573-596-0131 ext 6-7721). Once students are assigned billeting they will then report to the 84<sup>th</sup> Chemical Battalion Staff Duty at Bldg 1704 (573-596-0131 ext 6-6671)

a. Day 1 of the course is an in-processing and administration day. Students will report to Nord Hall (Bldg 890) at 0430 for a height/weight screening to ensure compliance with the Army's Body Composition Standards IAW AR 600-9. The uniform is the IPFU, summer or full winters depending on the weather. Additionally, an Army Physical Fitness Test (APFT) will be administered during the first week IAW TC 3-22.20.

b. **ALL** students will bring the following items with them for in-processing when they report to Bldg 890 on Day 1:

- Identification Card / Identification Tags
- 10 Copies of TDY/PCS orders and any amendments
- Oath of Office certificate
- DA Form 31 for leave (if applicable)
- Building/room number/ phone extension of your billeting
- Civilian driver's license
- Vehicle registration
- Medical and Dental Records

- Current Profiles
- Prescription glasses if required, no contact lenses
- Copies of Marriage Certificate and Dependent Birth Certificates (if applicable)
- Spouse Contact Info
- Current DD93 SGLI
- Home Station/Mortgage/Lease Documentation (USAR/ARNG Only)
- DOD information awareness training
- Anti-terrorism training
- Army Accident Avoidance course

b. **ALL** students must take the following courses prior to attending WOBC and must provide certificate of completion on day one:

- DOD Information Awareness Training  
<https://ia.signal.army.mil/>
- Anti-terrorism Level I Training  
<https://atlevel1.dtic.mil/at/>
- Army Accident Avoidance Course  
<https://safety.army.mil/ARMYACCIDENTAVOIDANCECOURSE>
- Composite Risk Management  
<https://safety.army.mil/training/DISTANCELEARNINGONLINETRAINING/tabid/1210/Default.aspx> (register through ATRRS and complete training via ALMS webpage)

c. **ALL** students must complete **one** of the following three Distributed Learning (DL) courses prior to graduating WOBC and must provide certificate of completion prior to graduation (**as of 04NOV13, complete ONLY the CBRN Basic Chemistry Course. The Biology and Radiology Courses are currently being updated**):

- CBRN Basic Chemistry
- CBRN Basic Biology
- CBRN Basic Radiology

<https://www.lms.army.mil>

Students should file all problems/complaints with the DL software to the Army Training Help Desk.

**2. COURSE CONTENT.** The CBRN Warrant Officer Basic Course is 10 weeks in length with blocks of instruction designed to walk the student through planning and managing the execution of CBRN operations. Instruction includes the WO1 military basic courses, Military Decision Making Process, threat assessments and vulnerability analysis, as well as detailed planning of CBRN reconnaissance, surveillance and decontamination operations. Upon arrival, you will be provided with a course schedule that lists all periods of instruction.

**3. ACADEMICS.** This course is an academic, MOS producing course. As such, there are academic standards that must be met in order to graduate and receive the 740A MOS. All must master 100% of the terminal learning objectives in the course. To do this, a minimum of 80% must be achieved on written exams and a "master" received on performance evaluations and assigned projects.

**4. RETESTS.**

a. Failing an initial test will result in the administration of a retest, generally not later than the next duty day following the failure.

b. Failure of retest will be considered a "double non-mastery" in accordance with the Detachment Academic Standing Operating Procedures (SOP). After receiving a "double non-master", a recommendation to academically drop the student from the course will be prepared.

c. Any student non-mastering a project will lose those percentage points permanently. The student will also be required to resubmit the project to meet graduation requirements.

d. If the student fails a project the second time, they will be considered as a "double non-mastery" in accordance with the Detachment Academic SOP.

**5. ACADEMIC PROBATION / STUDY HALL.** Students will be considered to be at risk academically after a test failure or two consecutive low (80% to 85%) test scores.

a. Failing an initial test will result in a formal counseling by the School Director. A recommendation for assignment to Academic Probation will be submitted to the Academics Officer/Chief.

b. Receiving two consecutive low (80% to 85%) test scores will result in a formal counseling by the School Director. A recommendation for assignment to Academic Probation will be submitted to the Academics Officer/Chief.

c. Academic probation will be administered/managed by the School staff in the form of mandatory study halls.

d. To be removed from academic probation, the student must pass two consecutive initial tests with a 90% or higher.

e. Voluntary study halls are given at the request of a student.

**6. DISMISSAL FROM THE COURSE.** Reasons for dismissal from the course are:

a. Failure to meet MOS or course prerequisites without an approved waiver.

b. Failure to meet academic standards by failing any retest (double non-mastery).

c. If a student misses eight hours or more of instruction. Each case will be handled individually and the school staff will review the circumstances surrounding the absence prior to dismissing any student.

d. Failure to successfully complete the toxic agent training at the Chemical Defense Training Facility.

e. Personal conduct that is not in compliance with US Army Orders, directives, rules and regulations.

f. Students recommended by the School Director for dismissal from the course will be given an opportunity to appeal the dismissal before a review board convened at the Detachment

level. During the review board, the student's academic record, overall performance, and other pertinent information will be reviewed.

## **7. HONOR GRADUATES.**

a. Distinguished Honor Graduate. The student with the highest GPA will be recognized as the Distinguished Honor Graduate and will be awarded a Plaque and Certificate of Achievement from the Marine Corps Association and a Certificate of Commendation.

b. Honor Graduate. The student with the next highest GPA will be recognized as the Honor Graduate and shall be awarded a Book and Certificate from the Marine Corps Association.

c. Gung Ho Award. The student recognized by his/her peers as demonstrating exceptional leadership ability or demonstrating exceptional ability to build class cohesion through his/her actions during the course, shall be awarded the "Gung Ho" award.

**8. CLASS AND COURSE CRITIQUES.** Critiques provide valuable information necessary to improve and validate the course of instruction.

a. Throughout the course, a minimum of two students or 10% of the class will complete Instructor Rating Forms (IRF) for each period of instruction. Students will provide pertinent evaluations and comments on each period of instruction. These comments will be adjudicated and when applicable, be used to correct lesson plans, media and provide the instructors information that will assist them in improving the period of instruction.

b. Every student will complete an End of Course Critique prior to graduation. The critiques are used to better the course as a whole.

**9. TRANSPORTATION.** Students are authorized POVs while in attendance to this course and are required to provide their own transportation from billeting to training sites. These sites include the Maneuver Support Center (MANSCEN), Building 708, and Range 29. Due to safety concerns and limited parking space, student will car pool to the maximum extent possible when training is scheduled for Range 29. This POV policy will remain in force until proven ineffective. Parking for student POVs at

Bldg 708 will be located in the rear of the building. See enclosed diagram of Bldg 708 parking area.

**10. MEALS.** Based on the training schedule, students should plan to eat breakfast and dinner before and after training, respectively. Breakfast **must** be eaten before training in the Chemical Defense Training Facility (CDTF). For the noon meal, students will be given time for lunch and must make their own arrangements.

a. Army Warrant Officers will receive Meal Cards from the 84<sup>th</sup> Chemical Battalion and will be afforded an opportunity to eat at one of the Post Dining Facilities, or will be provided meals.

**11. CLASSROOM POLICIES.**

a. Drinks are allowed in the classrooms and hallways as a privilege, all containers must have a lid.

b. A student-ran coffee fund will be established prior to the onset of training and will be available for student use throughout the course.

c. No food of any type may be consumed during periods of instruction or in the passageways. Food may be consumed in the classroom during breaks.

d. **NO** tobacco use of any kind is allowed in the buildings. Tobacco use will be in designated areas only to include smokeless tobacco.

e. Use of cellular devices during instruction, practical exercise, MDMP, or anytime other than scheduled breaks/lunch is **not authorized**.

f. Students will police the classrooms and/or training area at the completion of each training day.

g. Students will conduct classroom clean-up and reset at the conclusion of training on Thursdays, unless prevented by the training schedule. In these instances, an alternate date will be identified.

**12. COURSE SCHEDULE.** Your duty while here is to attend the CBRN Basic Warrant Officer course. You will be provided a copy of the course schedule. There may be schedule changes during

the course and you will be informed of all updates and changes. It is the students' responsibility to be at the appointed place and time for duty. It is imperative that students maintain communication with their Faculty Advisor in order to prevent timely and efficient passage of information.

**13. PHYSICAL FITNESS.** Physical Training (PT) has been incorporated into the training schedule. Students will conduct PT at designated times during the class day in accordance with TC 3-22.20 Army Physical Readiness Training and the 6100 series Marine Corps Orders. The students will create and submit for evaluation, a class PT plan and designate a leader for each PT session. The CBRN WO Staff will be at each session as safety supervisors. Students will take a Army Physical Fitness Test (APFT) for record and a Combat Fitness Test approximately two weeks prior to graduation.

**14. PERSONAL APPEARANCE - CUSTOMS AND COURTESIES.** All customs and courtesies are to be followed while on Fort Leonard Wood. While attending the course, Warrant Officers will be observed by junior Soldiers/Marines and should be aware of your conduct, conversations, and mannerisms at all times.

a. The duty uniform is the Army Combat Uniform (ACU) unless otherwise dictated.

b. Students will have a complete set of ASUs fitted and cleaned IAW with regulations. Students that report missing items will be required to purchase these items at the Clothing and Sales. Current Marines policy is Class B's on Fridays or otherwise dictated. Army personnel will follow all Marine Corps policies. Additionally, there may be requirements to attend an event in Class A's so be prepared and bring all uniforms.

c. Uniforms and appearance will be maintained in accordance with AR 670-1 at all times on and off post.

**15. INTER-SERVICE INCIDENTS.** If an incident should occur, attempt to get the name, rank and unit of the individual involved and report it immediately your faculty advisor or course manager. Above all, do not aggravate the situation. The staff will resolve the problem.

**16. PASS / LEAVE.** During this course, the only leave that will be granted is emergency leave. Normal weekday and weekend pass privileges will be granted, unless rescinded on an individual

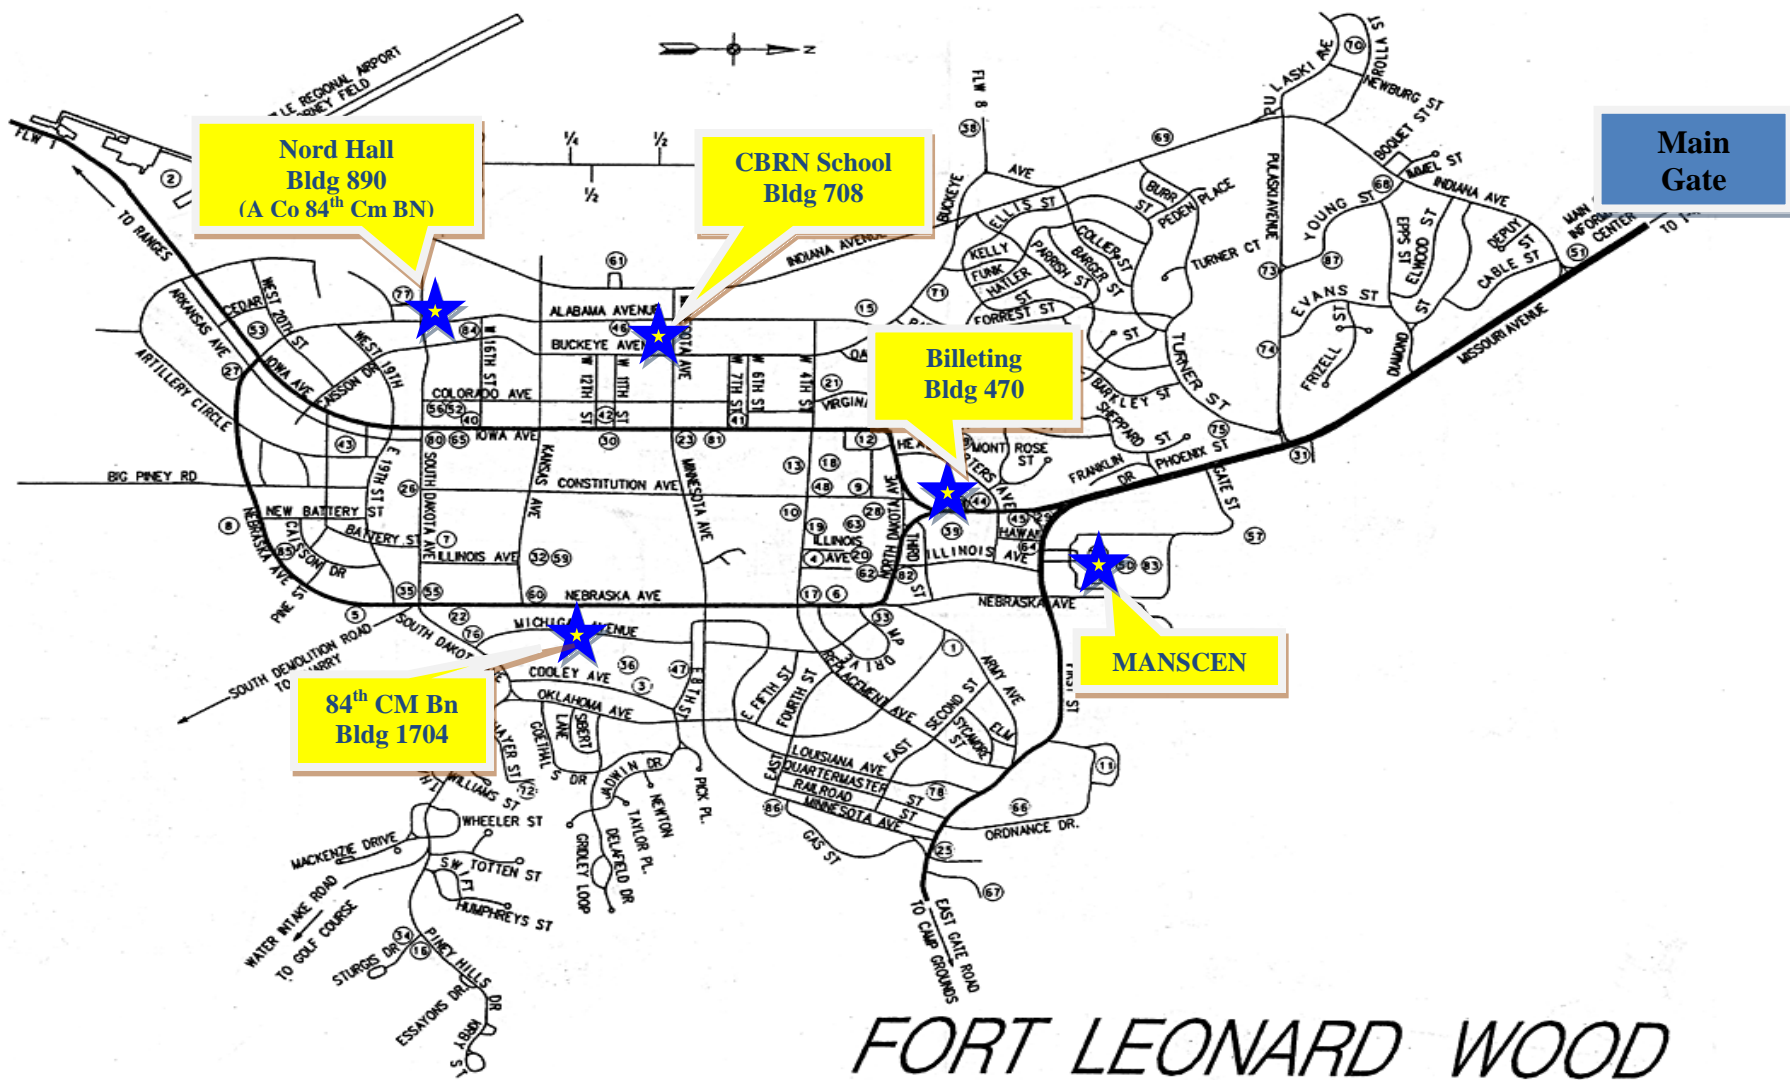

basis (academic probation, etc). The pass limit for weekdays is 80 miles and 300 miles for weekends.

The TRiPS site can be found at the following link:

<https://safety.army.mil/TOOLS/TravelRiskPlanningSystemTRiPS>

**17. SERVICE SCHOOL ACADEMIC EVALUATION REPORT.** Each student will receive a Service School Academic Evaluation Report (DA Form 1059) upon completion of the course. The report will include Performance Summary, Demonstrated Abilities, Potential, and comments that portray academic performance, intellectual qualities, and communication skills and abilities.

Again, on behalf of Colonel Drushal and the 3<sup>rd</sup> Chemical Brigade, Fort Leonard Wood, MO, congratulations on your selection to Warrant Officer. We look forward to meeting you and training with you.

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy Memorandum #19: Cell Phone Usage

1. PUNITIVE. Violations of the provisions contained in this policy may result in disciplinary actions under the Uniform Code of Military Justice (UCMJ). This policy is punitive; failure to comply with the provisions of the paragraphs listed below is punishable under Article 92, UCMJ.
2. REFERENCE. TRADOC, 350-6, Initial Entry Training (IET) Policies and Administration, 28 January 2011.
3. PURPOSE. Define cell phone usage for all trainees (Enlisted and Officer) in 84<sup>th</sup> Chemical Battalion
4. POLICY/PROCEDURES: Use and Possession of a Personal Cell Phone.
  - a. TRADOC Regulation 350-6, paragraph 2-3b(1) states "Brigade commanders or the senior U.S. Army commanders at the training location are the approval authority for granting or withholding privileges. Soldiers are granted additional freedom as they demonstrate self-discipline and the ability to accept responsibility. These are privileges, not rights, and as such, are withheld, modified, or withdrawn based upon performance, mission and program requirements."
  - b. The mission of the 84<sup>th</sup> Chemical Battalion involves operations and use of military vehicles, hazardous equipment and military weapons. Uninterrupted focus is essential to the safe execution of our training mission. As such, the following stipulations are effective immediately:
    - (1) AIT Soldiers – **Are not authorized to have cell phones at training of any kind.** Cell phone use before and after the duty day is authorized, but personal cell phones will not be taken to any class.
    - (2) OTD Courses – **Are not authorized to have cell phones at any training venue outside of Thurman Hall** (i.e. training involving the use of a military vehicle, CDTF, marksmanship ranges, combatives, EST, etc). Use of cellular devices during instruction, practical exercise, MDMP, or anytime other than scheduled breaks/lunch is not authorized.

ATSN-CBB

SUBJECT: 84<sup>th</sup> Chemical Battalion Policy Memorandum #19: Battalion Cell Phone Usage

(3) ASI Courses – Are not authorized to have cell phones at training that involves the use of military vehicle.

c. Commanders, First Sergeants, Department Chiefs, Platoon Sergeants and Cadre, will enforce this policy ensuring Soldiers in training adhere to the policy. Soldiers are subject to punitive UCMJ actions for violations of this policy.

5. PROPONENT. The proponent for the policy is the Battalion Operations Officers at extension 6-2401.

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

1. REFERENCES:

- a. AR 670-1, Wear and Appearance of Army Uniforms and Insignia, 3 February 2005.
- b. TRADOC Reg 350-6, Enlisted Initial Entry Training Policies and Administration, 28 January 2011.
- c. FLW Reg 190-5, Motor Vehicle Traffic Supervision on Fort Leonard Wood, 15 March 2012.
- d. FLW Reg 385-5, Composite Risk Management, 2 May 2007.

2. GENERAL:

- a. This memorandum establishes policy and procedures for the U.S. Army Maneuver Support Center of Excellence (MSCoE) regarding the wear and appearance of Army uniforms. It is meant to supplement Army regulations currently in place.
- b. The Army is a service where discipline is judged, in part, by the manner in which a Soldier wears a prescribed uniform as well as the individual's personal conduct. Soldiers must project a military image that leaves no doubt that they live by a common set of military values and are guided through military order and discipline. All military uniforms will be worn in accordance with (IAW) AR 670-1. The Interservice Training Review Organization (ITRO) personnel (Air Force, Army, Coast Guard, Marine, and Navy) as well as International Military Personnel will wear their uniforms according to their Services' uniform policies. Army personnel are reminded that other Services' uniforms and policies are unique and will become familiar with those policies. Clarification on the wear of military uniforms, as well as initial entry training (IET) uniform policies, is outlined in the following paragraphs.
- c. We all have the general military authority to make corrections on military Service members improperly wearing the uniform, regardless of the rank or duty position of the

ATZT-CG

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

Service member in question. Use the proper military courtesy; identify yourself and state the deficiency and how to correct the deficiency. Note the time and day of the incident, and report it to their chain of command if additional action is necessary to resolve the issue.

### 3. POLICY AND PROCEDURES:

#### a. Army Combat Uniform (ACU).

(1) The ACU is the standard duty uniform for all U.S. Army Soldiers, and the patrol cap is the primary headgear for the ACU. Subdued pin-on or sewn on rank will be worn on the patrol cap. The Velcro backing on the name tape will not be removed, nor will the name tape be sewn onto the patrol cap.

(2) The black beret may be worn with the ACU for special occasions at the commander's discretion. The black beret will be retained and worn with U.S. Army dress uniforms. Soldiers authorized to wear the maroon, tan, or green beret will do so IAW AR 670-1.

(3) The foliage green fleece cap may be worn as the primary headgear from the end of Daylight Saving Time (the 1st Sunday in November) to the beginning of Daylight Saving Time (the 2d Sunday in March). **NOTE: The fleece cap may be worn with cold weather gear (fleece/field/gortex jacket and gloves) but will not be worn as part of a uniform ensemble off the installation.**

(4) IAW AR 670-1, conservative sunglasses may be worn in garrison; they will not be worn in the field. Mitigating the risk of eye injuries in a field environment requires protective eyewear listed in the U.S. Army's Authorized Product Eyewear List (APEL).

(5) The dark brown or tan neck gator is authorized for optional wear with appropriate headgear during cold weather conditions and may be worn as a neck warmer/hood with cold weather outer garments.

(6) Black or green leather shell gloves as well as similar colored fire resistant gloves may be worn without cold weather outer garments.

(7) Soldiers may sew on the U.S. Army tape, name tape, rank insignia, and all authorized special skill and identification badges onto their ACU blouse at their own expense. The Velcro backings may be removed when sewing on the U.S. Army tape, name tape, and rank insignia.

ATZT-CG

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

(8) Identification badges are normally used to gain entrance into sensitive areas, such as secure-access offices or hospital wards, or to gain access to CAC-enabled equipment and will be worn in the performance of your duties. The badges will not be worn outside the sensitive-site area nor worn throughout Fort Leonard Wood's cantonment area or off base. The badge will be secured on your person. To do otherwise is an operations security (OPSEC) violation and alerts potential threats that you are in possession of such a badge.

(9) Soldiers will not remove their ACU top when operating military or privately owned vehicles.

(10) Camouflage, foliage, black, or green personal hydration systems may be worn in cantonment and field training locations, at the discretion of the commander, but not off the installation.

(11) The earplug case, with earplugs, will be worn under the ACU blouse on the front, right belt loop of the trousers with the opening facing to the left.

(12) At the discretion of the unit commander and when required in the performance of duties, one electronic device can be worn on the belt, belt loops, or waistband of the ACU or Class A or Class B uniform. The device and the carrying case must be black; no other colors are authorized for wear.

(13) Headphones or earpieces (including hands-free devices such as a Bluetooth) are not authorized while wearing the ACU, Army Service Uniform (ASU), or Class A or Class B uniform, unless it is a component piece of military equipment (for example, the headset for a mine detector or a VIC3-style communications headset).

**NOTE: The only exception is using a hands-free device while operating a motorized vehicle or the use of headphones during an indoor individual fitness training session within the confines of a weight/workout room. The device must be immediately removed once the Service member exits the vehicle or leaves the room.**

(14) The ACU will not be worn at off-post establishments after 1900 hours (excluding gas stations for fuel and convenience items). This restriction applies to off-post restaurants and includes all other off-post establishments after 1900 hours.

(15) The ACU will never be worn in off-post establishments where selling alcohol is the principle business (for example, bars, clubs, and lounges).

ATZT-CG

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

(16) The ACU, ASU, Class A uniform or clean civilian clothing may be worn for commercial air travel in the continental United States (CONUS). Temporary duty (TDY) travel is considered an on-duty status whether in uniform or civilian clothing. Traveling in uniform will be limited to Military Airlift Command (MAC) flights or American flagged air carriers when conducting official business. The ACU or ASU/Class A uniform will be clean, neat, serviceable, and complete when worn during travel. Men will be clean shaven. Service members wearing civilian clothing and traveling in a TDY status will wear conservative clothing that is in good taste (collared shirt, pressed slacks or dress jeans, closed toe shoes or dress sandals with socks), and abide by regulations dictating on-duty appearance standards found in AR 670-1.

(17) IET Soldiers will wear the ASU, Class A, or Class B uniform when off post unless the commander authorizes neat, civilian attire during a weekend off-post pass.

(18) The ACU may be worn in lieu of the improved physical fitness uniform (IPFU). Modifications to the ensemble (running shoes vs boots and without blouse) are at the Commander's discretion.

b. IPFU.

(1) The IPFU is the standard uniform that will be worn during unit physical training (PT) sessions, normally conducted between 0500 and 0830 hours and while travelling to and from PT sessions. Proper wear is governed by AR 670-1.

(2) Wearing the IPFU to visit on-post or off-post establishments is not authorized. The only exception is that Service members may visit gas stations for fuel and convenience items between 0500-0830 hours. Service members will wear their Service's fitness uniform during designated PT hours unless they are in an off-duty status, such as leave or pass. Components of the IPFU may be worn off duty with civilian attire IAW AR 670-1.

(3) PT shoes that enclose all five toes in one compartment are the only authorized shoe for wear with the IPFU or a unit designated PT uniform.

(4) No electronic devices are authorized for wear with the IPFU. The **only authorized exceptions** are hands-free devices while operating a motor vehicle (once a Soldier exits the vehicle, the device must be immediately removed) and stereo headphones during individual PT sessions while exercising in gymnasiums in the IPFU or ACU. Stereo headphones will be removed prior to departing the workout area. No such devices will be worn with the IPFU or any other fitness outfit while standing, walking, jogging, or running on roadways IAW FLW Reg 190-5, paragraph 2-10c.

ATZT-CG

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

(5) A clean, unsoiled IPFU is authorized for wear in military dining facilities at the commander's discretion. Commanders may authorize the IPFU to be worn in gymnasiums or their unit areas during field training exercise (FTX) recovery operations.

(6) All formations, whether marching or running, will have appropriate road guards (front and back) with the necessary safety equipment (reflective vests and flashlights) according to size of formation. Anyone outside the base formation (for example, leaders on the side of the formation) will wear a reflective vest or reflective belt IAW the composite risk management process specified in FLW Reg 385-5.

(7) Commanders may authorize the wear of distinctive unit PT shirts for specific unit events, such as company esprit de corps runs.

(8) All military personnel will wear a high-visibility shirt/reflective belt/reflective vest when conducting an outdoor fitness session (walking, hiking, running, biking, etc) on any road (paved or unpaved) on Fort Leonard Wood.

c. General areas of interest.

(1) Use of an electronic device in uniform (for example, using a cell phone to talk, text, email, record audio or video) while walking is prohibited.

(2) The ACU, or appropriate service's utility uniform, will not be worn when appearing before, on behalf of, or accompanying someone to civilian criminal or civil court.

(3) Rapid fielding initiative (RFI) gear is authorized for wear.

(4) Regardless of the uniform, appropriate protective helmet and safety gear will be worn when operating a bicycle or motorcycle.

(5) Soldiers conducting duties as a stationary road guard or a grader of some type of fitness session or test will not smoke during the designated fitness session. Creating a cloud of secondary smoke at the fitness area not only shows a lack of discipline and professionalism and is hazardous to individuals exercising in the affected area.

4. SUPERSESSION: This policy supersedes Command Policy 18, 9 December 2010. Uniform standards will continue to change as the Army transforms. As changes in uniform policy occur, the MSCoE Commanding General will make implementation decisions based upon recommendations by the MSCoE Command Sergeant Major (CSM).

ATZT-CG

SUBJECT: Command Policy 18, Wear and Appearance of Uniforms

5. PROPONENT: The proponent for this policy letter is the MSCoE CSM at 563-6151/6149.
